

**THE FIRST MILE**

# City Avenue District, Alex's Lemonade Stand kick off Childhood Cancer Awareness Month

**For Main Line Times**

On Tuesday, Sept. 1, Alex's Lemonade Stand Foundation and the City Avenue District kicked off Childhood Cancer Awareness Month by walking the First Mile of Alex's Million Mile together. Alex's Million Mile occurs each September when Alex's Lemonade Stand Foundation sets a goal to collectively run, walk or ride 1 million miles to raise much needed funds and awareness for childhood cancer research during Childhood Cancer Awareness Month.

Thousands of people, all over the country and the world, go a mile concurrently to "kick off" Alex's Million Mile. They run, walk or ride in honor of Childhood Cancer Awareness Month. Every day, parents of children battling cancer travel thousands of miles for treatments. That's why Alex's Lemonade Stand Foundation and City Avenue District are going a million miles to raise awareness and fundraise for cures.

The group met at the GSB Building (1 Belmont Ave) and walked from GSB down St. Asaph's Road to Presidential Blvd over the City Ave Bridge and back down City Ave to the GSB Building.

The First Mile walkers pose for a celebration photo.
